EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to the Applicant, an amendment may be filed as provided by 37 CFR § 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. Authorization for this examiner's amendment was given in a telephone interview with Mr. Wei-Chen Nicholas Chen, Attorney of Record, on January 31, 2006.

The application has been amended as follows:

IN THE CLAIMS:

In claim 9, line beginning *a display unit*, after "display" (second occurrence) insert --in a display area--.

Allowable Subject Matter

2. Claims 3-7 and 9 are allowed. The claims have been renumbered for printing to be claims 1-5 and 6.

Information Disclosure Statement

3. A copy of an Official Communication concerning 2001-077910 (received May 13, 2005) is present, and it has been considered by the Examiner.

Response to Arguments

4. The prior Office action, mailed March 14, 2005, objects to the title, specification, and claims, and rejects claims under 35 USC § 112, § 102, and § 103. The Applicant's arguments and changes in AMENDMENT, filed June 14, 2005, have been fully considered with the following results.

5. With respect to objection to the title, the changes entered by amendment are sufficiently descriptive. Accordingly, the objection is removed.

6. With respect to objection to the specification, the Applicant's arguments and the Applicant's choice carries the issue. Accordingly, the objection is removed.

7. With respect to objection to the claims dependent upon rejected base claims, the claims have been rewritten as independent and allowed or the base claims have been allowed. Accordingly, the objections are removed.

8. With respect to rejection of claims under 35 USC § 112 as being indefinite, the changes entered by amendment provide clear descriptions of the claimed subject matter. Accordingly, the rejections are removed.

9. With respect to rejection of claims under 35 USC § 102 and § 103, the changes entered by amendment include subject matter previously indicated as allowable in the current independent claims. The whole structure and interaction expressed by the combination of all limitations is not made obvious compared to the prior art of record for the whole invention of the independent claims. Accordingly, the rejections are removed.
